## The TEEMA Difference

TEEMA is one of the fastest growing staffing and recruiting firms in North America. It was clear that there needed to be a change in the staffing and recruiting industry. Clients were becoming unhappy and recruiting firms experienced constant turnover. That's why we created TEEMA – to provide the best service to clients, consultants, and candidates. Due to our unique entrepreneurial business model, TEEMA boasts the most senior staffing and recruiting experts in the industry. Because our recruiters are only compensated when they find a talent solution for our clients, our recruiters have the incentive to provide quality of candidates; not quantity of candidates. No unneeded volume - only top-notch and targeted talent. With over 200 new clients and thousands of placements per year, why not make TEEMA Group your one-stop solution for your staffing and recruiting needs? ## We Give Back
