

TEEMA Healthcare Technology provides expert resources to a global leader in electronic health records.

Challenge

- Our global Client needed to augment in-house resources to support end-clients with high quality skill sets in very short timeframes.

Solution

- TEEMA's Client Manager and team of skilled recruiters exceeded expectations with a transparent recruiting process, impressive rates and expert understanding of hospital and ambulatory implementations.

Outcome

- TEEMA has placed over 900 resources over 13 years across 10 countries. We continue to be a trusted partner with a dedicated team of recruiters to support this client's ongoing needs.
